Notes:

- The family deductible and out-of-pocket maximum are non-embedded meaning the cost shares of all family members apply to one shared family deductible and one shared family out-of-pocket maximum. The individual deductible and individual out-of-pocket maximum only apply to individuals enrolled under single coverage.
- Your copays, coinsurance and deductible count toward your out of pocket amount, except for copays for Adult Vision exams.
- Certain services are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, benefits may be reduced or not paid, according to the plan.
- If your plan includes out of network benefits and you use a non-participating provider, you are responsible for any difference between the covered expense and the actual non-participating providers charge in addition to any applicable copayments, coinsurance and/or deductible. This amount does not apply to the out-of-network out-of-pocket limit.
- If your plan includes a hospital stay copay and you are readmitted within 72 hours of a prior admission for the same diagnosis, your hospital stay copay for your readmission is waived.
- If your plan includes an emergency room facility copay and you are directly admitted to a hospital, your emergency room facility copay is waived.
- For plans with an office visit copay, the copay applies to the actual office visit and additional cost shares may apply for any other service performed in the office (i.e., X-ray, lab, surgery), after any applicable deductible.
- Non-emergency, out-of-network air ambulance services are limited to Anthem maximum payment of \$50,000 per trip.
