Parking Garages Parking Permit Instructions

This Garage parking primarily serves downtown employees and residents. Permits will be sold to individuals who work or live downtown when space is available.

The monthly permit parking fees for the downtown garages are \$31.00 per month. Permit fees are to be paid by the 1st of the month for individual accounts and by the 5th of the month for corporate accounts. You may pay for your permit fees monthly, bi-monthly, quarterly or yearly by either cash, check (made payable to the City of Santa Cruz) or Visa/MasterCard. If your permit has not been paid by the due date it will be locked out. **If your permit fees are not paid by the 15th of the month your account will be closed.** Permits may not be reissued if the permit ceiling limit for that garage has been met. At the time you may be placed on a waiting list for the next available permit.

Permit holders may use their permit on any vehicle that they drive, but must only have one vehicle in the garage at one time. If you park more than one vehicle in the garage at the same time, you must either purchase an additional permit for that vehicle or pay the daily parking fee.

The garage is a parking facility and not a storage facility. Vehicles must be in working condition. Vehicles must vacate the garage at least once per week. By moving your vehicle out of the garage it will also help to assist in the cleaning of the garage. If you live downtown and cannot move your vehicle because you are out of town, inform the parking attendants of the dates that you will be gone. Under no circumstances are trailers to be stored in our facilities.

The Garage uses a proximity reader access card as the parking permit instead of an actual bumper sticker or dashboard permit. The access card is held up to within 6" of a card reader located at each entrance and exit of the garage. Access cards must be presented at the card readers upon each vehicle entrance and vehicle exit, even if the gates are in the "up" position. If your access card is not presented to the card reader it may not work upon your next entrance or exit. This is a security feature to discourage illegal uses of the access card (i.e., allowing someone to use the access card to exit the garage without paying while the owners vehicle is still parked in the garage). Access cards are only to be used by the applicant and are not to be shared with anyone.

The access card costs \$10.00 each, which is refundable after return of the card. Information that is required on the permit application should be updated if it has changed (i.e., vehicle license number, home or work phone numbers, home address, etc.)

**Your permit may be revoked for abuse at anytime
by the City of Santa Cruz Parking Services Division.**
